Section 2: Zero Flight Time Training

Applicable for applicants who have completed a Part-FCL type rating ZFTT course.

The following documentation must be attached to the application:

- ATO Approval Certificate.
- FSTD qualification certificate.
- Copy of the licence of the TRI/TRI's responsible for the simulator and LIFUS training

Specific requirements for pilots undertaking a zero flight time type rating (ZFTT)

A pilot undertaking instruction at a ZFTT course shall have completed, on a multi-pilot turbo-jet aeroplane certificated to the standards of CS-25 or equivalent airworthiness code or on a multi-pilot turbo-prop aeroplane having a maximum certificated take-off mass of not less than 10 tonnes or a certificated passenger seating configuration of more than 19 passengers, at least:

- if an FFS qualified to level CG, C or interim C is used during the course, 1 500 hours flight time or 250 route sectors;
- if an FFS qualified to level DG or D is used during the course, 500 hours flight time or 100 route sectors.

Application for the issue of a type rating with restriction to an operator is only possible after the ZFTT simulator training is completed.

If applying for the issue of a type rating with restriction to an operator prior to the LIFUS sectors, complete the section **Application for the issue of a type rating with restriction to an operator and submit the application**. Once the LIFUS sectors are completed, fill out and submit the remaining applicable parts of the application.

All the LIFUS must be completed within 6 months after the skill test.

Section 3: Landing Training non ZFTT

Fill out the form as required and attach a copy of the licence and medical of the TRI/TRI's responsible for the simulator and landing training.

Landing training must be completed within 6 months after the skill test.
